HIGH WATTAGE BULB

High wattage bulbs are designed to provide intense and powerful illumination, catering to spaces and applications that require enhanced brightness. These bulbs are engineered for performance, durability, and efficiency, making them ideal for both industrial and outdoor environments. Their robust design ensures consistent operation even in demanding conditions.

Exceptional Brightness : Delivers high lumens to ensure optimal visibility in large or high-ceilinged areas.

Durable Construction : Built with heat-resistant and shockproof materials to endure extended usage and harsh environments.

Energy-Efficient Options : Advanced LED technology ensures maximum brightness with lower energy consumption.

Versatile Design : Compatible with various fittings and fixtures, allowing seamless integration into diverse lighting systems.

Long Lifespan : Designed to last longer than conventional bulbs, reducing maintenance and replacement costs.

High Quality LED

50,000 Lifespan

Energy Saving

High CRI

Product Code	Series	Watt	Dimension		
			Dia(mm)	Height(mm)	Surge
SLBL 30HWL	HWL Series	30	180	115	4KV
SLBL 40HWL	HWL Series	40	200	125	4KV
SLBL 50HWL	HWL Series	50	220	135	4KV

APPLICATIONS

Hospital

Homes

Showrooms

Retail

Factories and Warehouses : Ensures bright illumination for large industrial spaces, improving visibility and safety during operations.

Sports Arenas : Ideal for lighting large indoor and outdoor arenas, providing consistent and even coverage for events.

Street and Highway Lighting : Used in streetlights to enhance road visibility and safety for drivers and pedestrians.

Outdoor Events : Provides robust lighting for temporary setups such as concerts, fairs, and exhibitions, ensuring bright and reliable illumination.

Construction Sites : Offers powerful lighting for ongoing projects, even in challenging outdoor conditions.

Parking Lots : Ensures wide-area coverage for safety and security in large parking facilities.
