EXCLUSIVE PANEL

The Exclusive Panel Series offers high-performance lighting solutions designed for both aesthetic appeal and practicality. These panels are engineered to provide exceptional illumination while maintaining energy efficiency and durability. Ideal for both indoor and outdoor environments, the **Exclusive Panel** Series combines cutting-edge technology with sleek design, ensuring optimal lighting performance for various applications.

Superior Light Quality: Designed to provide bright, clear, and uniform lighting, enhancing visibility and creating a comfortable environment.

Energy Efficiency: Utilizes advanced LED technology that ensures lower power consumption while maintaining high light output.

Durability: Built with robust, high-quality materials, the panels are resistant to harsh weather conditions, making them perfect for long-term outdoor use.

Sleek Design: The modern and elegant design of the panels makes them suitable for a variety of settings, adding a stylish touch to any space.

Easy Installation: Quick and hassle-free setup, suitable for both new projects and upgrades to existing setups.

Product Code	Series	Watt	Dimension			
			Length / Dia (mm)	Breadth (mm)	Height (mm)	Cut Out (mm)
SLPP 12 RD / SQ	PP Series	12	165	165	28	155
SLVV 6 RD / SQ	VV Series	6	95	95	25	65
SLVV 12 RD / SQ	VV Series	12	130	130	25	95
SLVV 18 RD / SQ	VV Series	18	180	180	25	160
SLVV 24 RD / SQ	VV Series	24	220	220	25	195
Operating Voltage: 100 - 440VAC		IP Rating: IP 20	Power Factor: >0.95	CRI: >80	Colour Temp: 3000K/4000K/6500K	

APPLICATIONS

Offices

Homes

Showrooms

Retail

Bedroom

Living Room

Residential Spaces: Living rooms, kitchens, and bedrooms benefit from the sleek design and modern look of slim and surface-mounted panels.

Commercial Buildings: Offices, retail stores, and restaurants often use these panels to create a bright, inviting atmosphere while reducing energy costs.

Industrial Settings: Warehouses and factories use these panels for their durability and strong, uniform light output.
