FLOODLIGHT FULL LENSE SERIES

The Floodlight Full Lens Series is a state-of-the-art lighting solution designed to provide enhanced performance and versatility for a wide range of outdoor and industrial applications. These floodlights feature a full lens that ensures even light distribution, providing bright and uniform illumination across large areas. Built with durability and energy efficiency in mind, they are perfect for environments requiring reliable and long-lasting lighting solutions.

Optimized Light Distribution: Provides an even spread of light, reducing glare and improving visibility over large areas.

Durability: Built with high-quality materials, these floodlights are designed to withstand harsh environmental conditions.

Energy Efficiency: Maximizes light output while consuming less power, making them a cost-effective solution for outdoor lighting.

Versatility: Perfect for a range of outdoor applications, from sports fields to construction sites, and even temporary event setups.

Product Code	Watt	Dimension			Weight (Kg)	Surge	List Price (₹ Per Unit)	Standard Packing
		Length (mm)	Breadth (mm)	Height (mm)				
SLFL 50FL	50	180	180	55	1.10	6KV / 440V	2890	4
SLFL 100FL	100	210	210	55	1.10	6KV / 440V	2890	4
SLFL 150FL	150	350	350	55	2.00	6KV / 440V	4545	4
SLFL 200FL	200	360	350	55	4.00	6KV / 440V	7850	2
SLFL 250FL	250	360	350	55	4.00	6KV / 440V	9090	2
Operating Voltage: 100 - 440VAC			IP Rating: IP 66	Power Factor: >0.95	CRI: >80		Colour Temp: 6000K / 3000K	

APPLICATIONS

Parks

Hospital

Showrooms

Retail

Stadium

The Floodlight Full Lens Series offers a versatile range of applications across various sectors, providing optimal lighting for different environments.

Sports Stadiums & Arenas: Provides powerful, focused illumination for large areas, enabling night-time games and events.

Parking Lots: Ensures bright, wide-area coverage for safety and security.

Warehouses & Industrial Areas: Offers strong, reliable illumination for operational and safety purposes.

Roadways & Highways: Ensures safe driving conditions by illuminating roads and highways.

Construction Sites: Provides durable and reliable lighting solutions for worksite illumination.

Outdoor Events: Ideal for temporary setups for concerts, fairs, and gatherings, providing even, bright lighting.
