HIGHBAY SERIES

The Highbay Series is a highly efficient and durable lighting solution designed for large indoor spaces such as warehouses, factories, gyms, and retail environments. These lights are engineered to provide bright, uniform illumination while maximizing energy efficiency. With their robust design and advanced technology, the Highbay Series is ideal for both commercial and industrial applications.

Optimized Light Distribution: The Highbay lights are designed to provide even light distribution, ensuring consistent brightness across large areas, reducing shadows, and improving visibility.

Energy Efficiency: Featuring advanced LED technology, the Highbay Series delivers superior illumination while consuming less power, resulting in reduced energy costs over time.

Durability: Built with high-quality materials, these lights are designed to withstand tough conditions, making them perfect for high-ceiling installations and heavy-duty environments.

Long Lifespan: Thanks to their advanced heat management systems and durable construction, the Highbay Series has an extended service life, minimizing the need for frequent replacements.

Versatility: The Highbay lights are versatile and suitable for various applications, including warehouses, retail spaces, manufacturing plants, and more.

Product Code	Series	Watt	Weight(kg)	Surge	Dimension	
					Dia(mm)	Height(mm)
SLHB 100D	Highbay Series	100	1.600	6KV / 440V	300	45
SLHB 150D	Highbay Series	150	2.500	6KV / 440V	370	45
SLHB 200D	Highbay Series	200	2.600	6KV / 440V	370	45
SLHB 300D	Highbay Series	300	3.550	6KV / 440V	400	45
Operating Voltage: 100 - 440VAC		IP Rating: IP 66	Power Factor: >0.95	CRI: >80	Colour Temp: 3000K/4000K/6500K	

APPLICATIONS

Warehouse

Godown

Showrooms

Retail

The Highbay Series is widely used in a range of industries, thanks to its adaptability and reliable performance. Here are some key applications:

Warehouses & Industrial Areas: Ideal for large-scale storage facilities, ensuring excellent visibility and safety for workers in expansive spaces.

Retail Spaces: Perfect for providing bright, uniform lighting for display areas, aisles, and high-ceiling retail environments.

Manufacturing Plants: Offers consistent and efficient lighting to ensure a safe and productive working environment for factory floors and production lines.

Sports Facilities: Used in gyms, sports halls, and indoor arenas, providing bright and energy-efficient lighting for various activities.

Parking Garages: Ensures proper illumination for safety in parking garages and underground parking lots, enhancing security for users.

Temporary Event Setups: Suitable for providing temporary lighting for large outdoor or indoor events, offering a cost-effective and powerful lighting solution.
